NGALSO VAJRAYOGINI WINTER MEDITATION FESTIVAL with Lama Caroline

The practice of Vajrayogini is considered one of the most powerful tantric meditations. Vajrayogini is the female counterpart of Heruca, Lord of the Heroes and teaches us how to attain enlightenment by purifying our dakini nature, the understanding of the interconnected nature of reality. For centuries, many high Lamas, Yogis, Yoginis and Mahashiddhas, have explained that the tantra of Vajrayogini is the ideal practice for our modern times dominated by unlimited desire. This practice is particularly indicated for those who are consumed by desire, which is all of us! Practicing Vajrayogini with joyfully, as Lama Gangchen showed us how to do, can lead quickly to the Pureland of the Dakinis, the mystic experience of "heaven on earth" and Clear Light of Bliss.

Together We Can!!!
